

ECO TREADMILL NATURE RUNNER N460

ECO-FRIENDLY

Reducing your impact on the environment can have a lasting effect on future generations. You could start in the simplest of ways with your workouts by our eco-friendly treadmill Nature Runner N460.

You are able to benefit your health and the Earth all at once.

Self-powered Drive

Unlike motorized treadmills, the belt on the Nature Runner N460 is driven by the user's motion for speed and strength training. The perfect equilibrium point between frame angles and flewheel weigh allows userr to have a true zero starting speed. It speeds up gradually and leads user to have natural workouts.

The self-powered drive provides a true-to life ground reaction force to make body uses more energy to propel it forward, meaning get a more intense workout and burns more calories in less time.

SpeedSafe™

Unique SpeedSafe™ technology puts your workout in a safe speed zone for more safety.

There are 9 speed zones built in the SpeedSafe™ for choice. The maximum speed in each zone is different and controlled by system automatically. Just select a suitable speed zone to start a natural workout without worries of too fast speed.

A person is running on a black treadmill in a gym. The person is wearing a grey t-shirt, maroon shorts, orange socks, and black and pink sneakers. The background features a brick wall and a window with a view of a building. In the foreground, there are several colorful medicine balls (red, blue, black) on the floor, one of which is labeled '15KG'. The treadmill has a black handrail and a control console. The overall scene is brightly lit, suggesting a modern fitness environment.

SmartAutoLoad™

The SmartAutoLoad™ runs preset or customized programs at optimum resistance automatically. Every workout is now guess-free and brings you maximum efficiency.

Focus on your goal, swing your hands and enjoy your workout freely.

Sled Push

The strong resistance allows for sled push and also can be integrated walk and run into a comprehensive training.

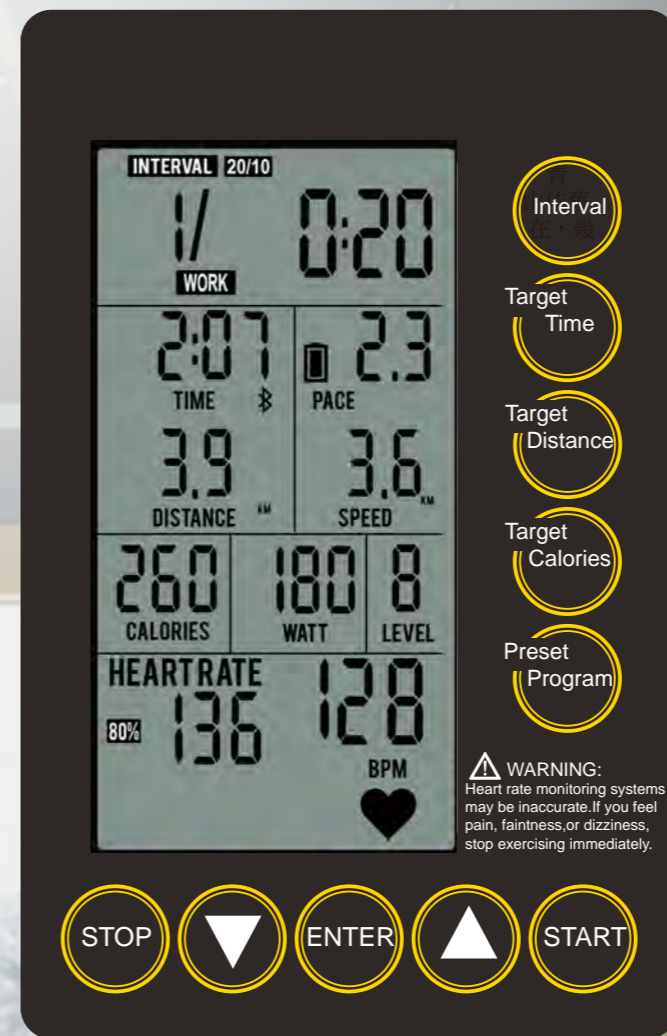

Programs

Not just provides workout figures for reference but also available to execute preset or customized programs. Clear readouts and friendly operation allows users for smoother and more effective exercise.

Console Functions

Readouts	Interval Time, Accumulated Time, Pace, Speed, Distance, Calories, Watt, Resistance Level, Heart Rate
Heart Rate	5K Hz Receiver
Manual Mode	Standard
Interval Training	Customized
Target Training	Time / Distance / Calories
Preset Programs	x 5
Customized Programs	x 5

CHELLANGE YOURSELF

Compact Footprint

Foldable & Portable

TECHNICAL DETAIL

Console Readouts	Interval Time , Accumulated Time , Pace , Speed , Distance , Calories , Watt , Resistance Level, Heart Rate
Speed Control	SpeedSafe Technology
Control System	SmartAutoLoad System
Drive Motor	N/A
Running Area	46 x 130 cm
Speed Range	0 - 6 kph
Incline Range	2 Level adjustments
Resistance Level	9 Levels
Heart Rate	5K Hz Receiver
Workout Mode	Walk / Hike / Jog / Run / Sled Push
Foldable	Yes
Slow-drop System	Yes
Max User Weight	120 kg
Dimensions (L x W x H)	152 x 71 x 152 cm
Dimensions (L x W x H) - Folded	90 x 71 x 152 cm
Unit Weight	65 kg
